

ASQ CRE Prep course

Module 5

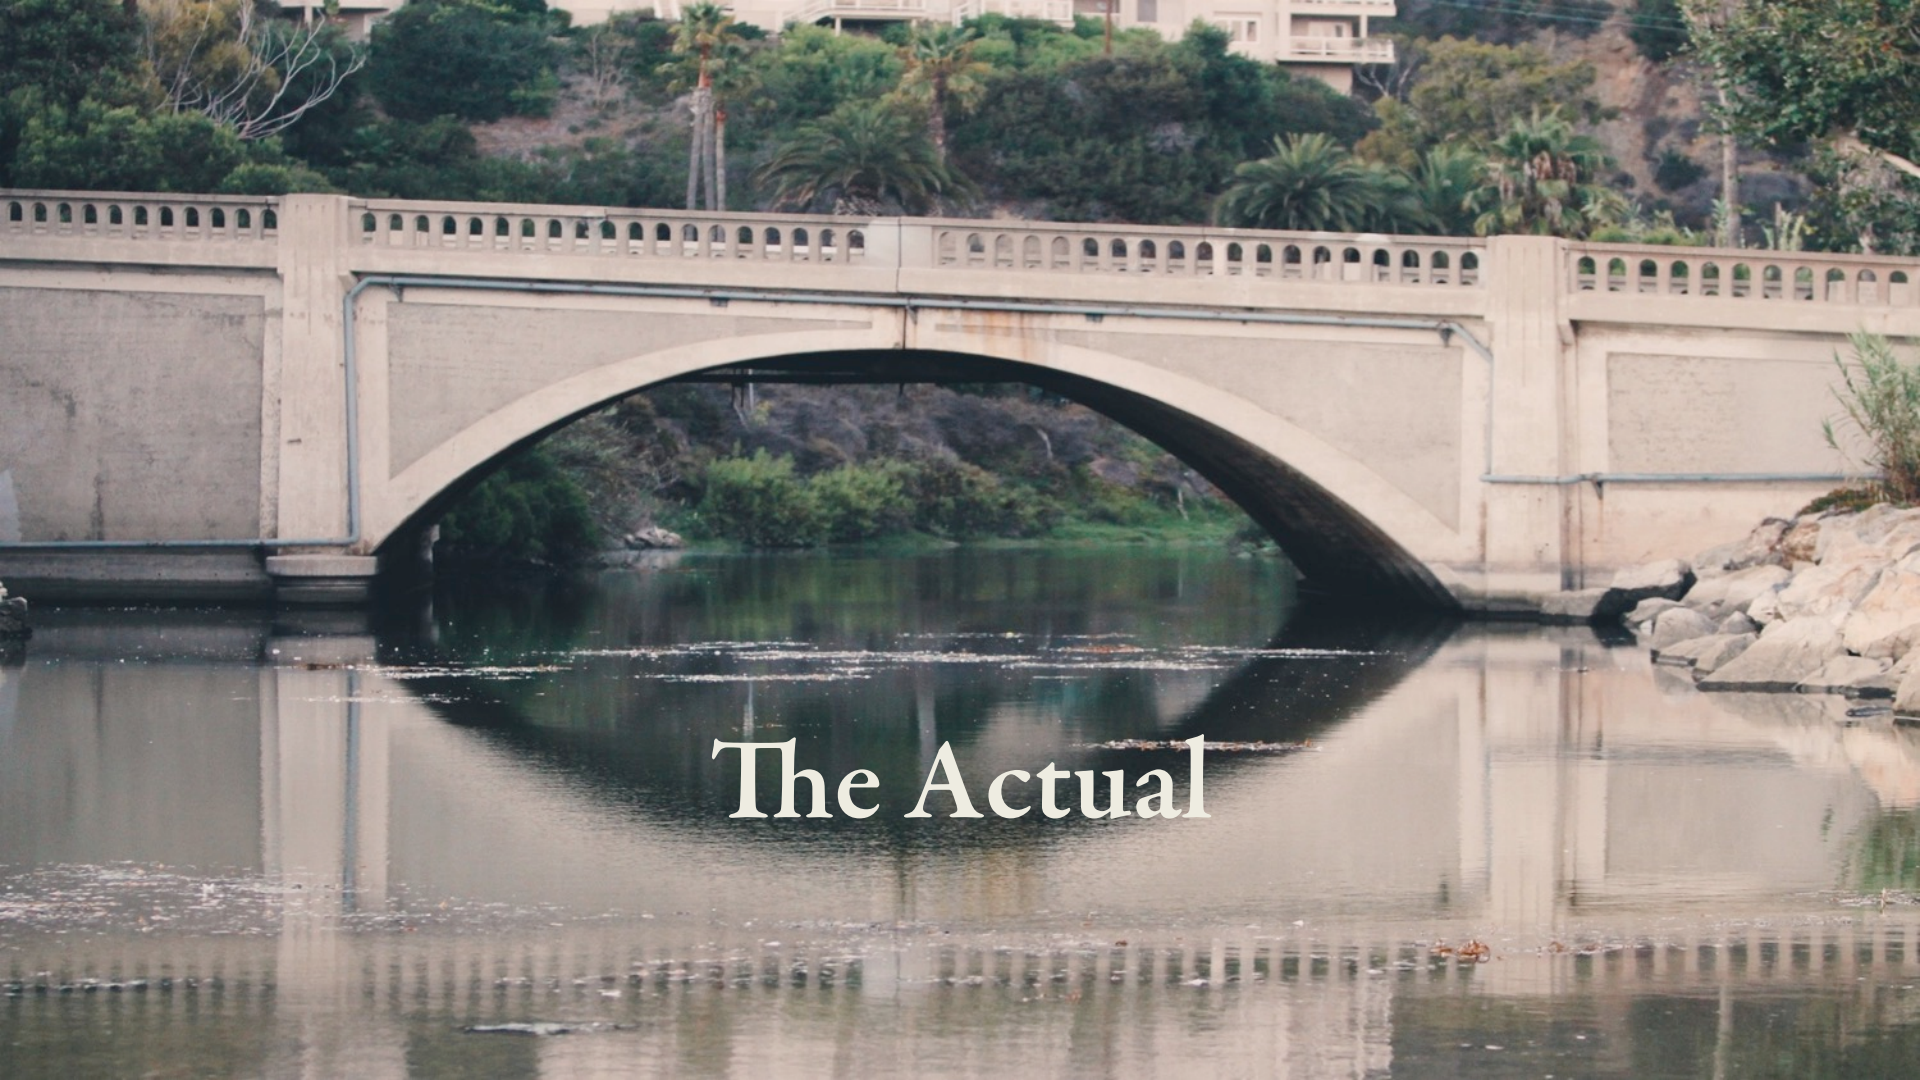

IV. Reliability Modeling
and Predictions

The Goal

The Budget

A photograph of a concrete arch bridge spanning a river. The bridge has a decorative railing with small arched openings. The water reflects the bridge and the surrounding landscape. In the background, a hillside is covered with greenery, including palm trees, and some buildings are visible at the top. The text "The Actual" is overlaid in the center of the image.

The Actual
